

NORMAN SIMS SHOWS SPEED WITH TRACTOR

TURNS IN BEST TIME IN TRACTOR RODEO LAST NIGHT

Skill in the Tractor Rodeo department picked up with a strong Wednesday evening at the county fair and every lad who attempted to drive a tractor with a wheel wagon into a narrow space was successful and the time limit was cut down materially over Tuesday when several boys tried and failed and only a few finished.

Wednesday evening Bill Zeigler completed the task in 2.11.2

Charles Spencer, a tiny fellow 13 years, did the job on the small Ford tractor and wagon in 2.17.5 to lead his division in the contest. David Christian completed the job in 4.16.3, but the "hot-shot" of the contest was Norman Sims, driving the Farmall tractor into the allotted space in 4.11 seconds, to lead the 15 to 20 year division.

John Zeiner completed the contest by finishing in 1.12.75 in the younger division. Several boys were not on hand when called after having entered and the contest will close tonight at 8:30 o'clock.

It was evident that the boys who tried the job Wednesday were more skilled than those who worked Tuesday or they had practiced during the day to the point of knowing what to do and when to do it. One boy admitted he hustled his dad's wagon during the morning practice period.

Roachdale Man Fined Thursday

State police arrested Paul Scott, of Roachdale, early Thursday morning on charges of reckless driving and driving while under the influence of intoxicating liquor, following an auto accident on road 43, seven miles north of the city.

Police said Scott was driving north on 43 when he lost control of his car and it went off the pavement and turned over on its side. James Shroud, also of Roachdale, riding with Scott was not held. The accident occurred at 12:30 a. m.

Both men suffered cuts and bruises in the mishap. Scott was brought to the county jail pending appearance in Justice of the Peace O. T. Ellis' court. Scott was fined \$10 and costs and \$1 and costs and his driver's license was suspended for 90 days.

Ford Workers Favor Strike

DETROIT, Aug. 11.—(UP)—Ford Motor Company workers in Michigan authorized a nationwide strike to back up the CIO United Auto Workers fourth-round wage demands by a heavy seven to one majority, unofficial returns showed today.

With more than half of the ballots in the three-day strike election counted, the vote was 48,830 for a strike and 7,360 against, a UAW spokesman said. The union victory was a resounding vote of confidence for UAW President Walter Reuther who is seeking old age pensions, health and security benefits and a cost of living wage increase for his 105,000 Ford workers, about 81,000 (CQ) in Michigan.

20 Years Ago IN GREENCASTLE

Mr. and Mrs. Ross Tusison visited in Indianapolis. Mr. and Mrs. Roy Hillis and daughter, Edna Lorene, went to Lake Wawasee. Mrs. S. C. Sayers and son, Gordon, motored to Kalamazoo, Mich., to visit friends and relatives.

Wayne Gillen was here from Columbus, Ohio. Ott Braden purchased a 4-door Marquette sedan.

STATE COUNTS 24 MORE POLIO CASES

INDIANAPOLIS, Aug. 11.—(UP)—Indiana counted another 24 polio cases, bringing the state toll to 391, but the epidemic was classed as "no worse or no better" today.

Dr. George M. Brother of the State Health Board said there was no trend either way respite the latest 24 cases, which far outstripped the daily average of 15. The reported death toll of 39 remained unchanged.

Northeastern Indiana remained the hard-hit area. Jay county had 64 cases, Delaware 47 and Randolph 33. Most of the late cases were from Fort Wayne hospitals.

STATE DEMOS WANT HOOSIER NAMED JUDGE

INDIANA TO MAKE BID FOR FEDERAL COURT POST

INDIANAPOLIS, Aug. 11.—(INS)—Indiana's bid for the \$17,500 judgeship of the Seventh Circuit Court of Appeals in Chicago is expected to be made tomorrow by Democratic National Committeeman Frank M. McHale.

McHale is expected to be in Washington tomorrow for a committee meeting and a discussion with President Harry Truman over the Chicago appointment seems likely at that time.

McHale is expected to have the final say, if a Hoosier is named for the seat, inasmuch as both Indiana senators are Republicans.

Those who try to second guess the actions of Governor Henry F. Schickler have the state's chief executive backing either A. J. Stevenson, Danville lawyer and former Appellate Court judge, or H. Nathan Swain, Indianapolis attorney and one-time State Supreme Court judge.

Other politicians say that former U. S. Senator Samuel D. Jackson of Fort Wayne might get the backing of Hoosier Democrats for the Chicago judgeship in order to remove him as a possible candidate to oppose Senator Homer E. Capehart in the 1950 senatorial campaign.

Another Fort Wayne Democrat, Alex Campbell, now assistant to the Attorney General, has been named frequently as a senatorial candidate. Jackson's removal from the race would strengthen the party's chances of electing a Democrat to Capehart's office according to some observers, inasmuch as this would eliminate a heated campaign between the two Fort Wayne men for the nomination.

Several other lawyers also have been mentioned in connection with the Chicago job. These include:

Roger D. Branigin, Lafayette; Judge A. Dale Eby of Gibson county Circuit Court; and B. Howard Caughran, retiring southern Indiana District Attorney.

Meanwhile John Hurt, Martinsville, secretary of the Indiana Democratic Committee, has been in Washington attempting to get in solid for the District Attorneyship in Indianapolis. Although Hurt carries the endorsement of the state committee and McHale, his nomination is opposed by Representative John R. Walsh, Anderson Democrat. It is understood that Hurt talked with Walsh in an effort to sway his favor but the freshman congressman still backs Floyd E. Harper of Tipton as a successor to Caughran.

\$65 TOP PRICE FOR SHEEP IN ANNUAL SALE

SALE HELD WEDNESDAY IN CONNECTION WITH CO. FAIR

The annual Putnam County Sheep Breeders Association held their fair week sale at the sheep barn Wednesday evening with a nice crowd attending. A number of the finest sheep which were judged during the day were consigned to the sale and they went up as high as \$65, but this, it was believed, was considerably under their real value, according to what breeders have paid for top flight breeding stock from other sources.

Judge Walker who pinned the ribbons during the day said the sheep were as good as one will find in any state show in the country. He said he was agreeably surprised to find the fine quality of sheep he saw when judging during the day.

DROWNS IN WABASH CLINTON, Ind., Aug. 11.— (UP)—Stephen Fullman, 55, drowned in the Wabash river yesterday when his boat capsized about half a mile north of a railroad bridge.

Parke County Coroner B. H. Branstetter ruled that his death was accidental. His body was recovered about two and a half hours later.

Fullman, a World War I veteran, was searching for mussels.

LOCAL MAN'S BROTHER DIED IN BUS CRASH

VERNON TRISLER PERISHED ON WAY HOME TO BEDFORD

BLOOMINGTON, Ind., Aug. 11.—(UP)—A bus crash near here yesterday claimed its 16th victim today when Sgt. Dale E. Aikman, 30, Camp Campbell, Ky., died in Bloomington hospital.

Vernon Trisler, of Bedford, a brother of Cloyd Trisler of Greencastle, has been identified as one of the 15 persons that perished in the pre-dawn Greyhound bus tragedy near Bloomington early Wednesday morning.

Mr. Trisler had been in Indianapolis and was returning to Bedford, where he was connected with a drug store, when he met his death.

Two investigations were launched today to determine what caused the bus to careen into a bridge abutment and kill 15 persons.

The Interstate Commerce Commission and Indiana state police searched the blackened and twisted heap of metal that held the only possible clues to the accident.

Coroner Robert E. Lyons, of Bloomington, said he would question the driver, Wayne Crammer, 25, Indianapolis, who was recovering in a hospital from burns he received in heroic efforts to rescue passengers.

Crammer told officers immediately after the accident that he thought the steering mechanism failed or that one of the tires blew out, throwing the bus into the abutment.

Observers said there was little hope however, of establishing the cause of the accident definitely because the flames had almost totally destroyed the bus.

Five of the charred bodies remained unidentified.

The identified dead: Mrs. Joan Aikman, 24, Kokomo, Ind., her daughter, Vicki, 4, and son, Jimmy, 6; Charles Ellerbrook, 79, Evansville, Ind., his wife Ruth, 67; Mrs. Grace Cardwell, 29, Evansville; O. G. Brown, (37 West 21st St.) Indianapolis, his wife, 60; Mrs. Georgia Tandy, 50, Negro, (1430 Cornell Ave.) Indianapolis; Vernon Trisler, Bedford, Ind.

EXTRA!

WASHINGTON, Aug. 11.—(INS)—Ambassador W. Averell Harriman told Congress today that Russia eased East-West tension early this summer in an effort to prevent cooperation between the United States and western Europe.

Harriman, testifying before two Senate committees in support of the arms-for-friends bill, warned that "there has been no change in the objectives of the Kremlin."

The Marshall Plan envoy said that a delay or reduction in the arms aid bill would help "subversive elements" to undermine western Europe's new determination to resist Russia.

WASHINGTON, Aug. 11.—(INS)—President Truman today pledged "all feasible assistance" to the economic restoration of the Philippines.

The chief executive also declared that the United States will "watch sympathetically" the efforts of the peoples of Asia to forge stronger ties of economic cooperation and collaboration, to hasten the progress of self government and to preserve their freedom.

Mr. Truman's remarks were contained in a statement released by the White House following a three-day visit to Washington of President Quirino of the Philippines. Quirino left Washington this morning for New York.

WASHINGTON, Aug. 11.—(INS)—The House today passed and sent to the Senate a bill increasing the minimum wage from 40 to 75 cents an hour.

The measure was backed by a Republican-southern Democrat coalition which interpreted it as a defeat for the Truman administration.

"Fags" Stolen From Warehouse

City police reported Thursday that three cases of Camel cigarettes were stolen from the Adams & Ryan warehouse on south Jackson street sometime between 10:30 a. m. and 3 p. m. Wednesday.

Police said the cigarettes had just arrived and the local wholesale firm had not put the Indiana tax stamp on them before they were stolen. They were at the rear of the warehouse and were taken while employees were busy unloading a carload of sugar. The cigarettes were valued at \$230.

Harry Allan Is Rotary Speaker

Greencastle Rotarians are considerably more informed on the methods and procedure of the property re-assessment act after hearing Harry A. Allan discuss his work with the group at the weekly luncheon meeting of the civic organization on Wednesday. Howard Williams, program chairman, presented Mr. Allan.

In a very interesting discussion, the speaker outlined the procedure followed in the re-assessment of property in Greencastle township. Homes have been found that have never been assessed and one home built over twenty years ago was not listed in the tax records. Another home assessed for \$1,200 will be re-assessed at \$3,000.00 under the point system for determining values and replacements.

The speaker mentioned that some property is assessed too high and in such cases, the tax will be reduced under the system. The majority of taxpayers should benefit by the re-assessment program as property never assessed is added to the tax records, said Mr. Allan.

Among the guests of the Greencastle Rotary Club were J. E. Courtney, John Abel, J. C. Brothers, William Hickman, W. E. Edington, Jr., Mr. Donaldson of Lebanon, and Mr. Herschberger of Crawfordsville.

EX-PRESIDENT WARNS NATION OF 'DEAD END'

"ON LAST MILE TO COLLECTIVISM" SAYS HERBERT HOOVER

STANFORD UNIVERSITY, Calif., Aug. 11.—(UP)—Herbert Hoover drew upon three-quarters of a century of experience last night to warn Americans they were riding to a "dead-end" on the last mile to collectivism.

Addressing an overflow crowd of an estimated 12,000 persons on the occasion of his 75th birthday, the former president spoke in his bluntest terms since his campaign days of the 1920's to drive home his conviction that America is headed down the road to Socialism or Fascism.

Mr. Hoover's theme was "Think of the Next Generation" as he pleaded for a halt in extravagant government spending which he declared threatens to "rob posterity of its inheritance."

Hoover's speech highlighted a day-long celebration honoring his birthday. Earlier in the day, he lunched at Stanford Union with his family, including his sons, Herbert, Jr., and Allen, and their wives and five children.

In the evening, he dined with his family at the home of university President Wallace Sterling. It was the same house Hoover once owned and gave to the university, from which he graduated in 1895.

Before the ex-president made his speech, Fred A. Wickert, chairman of the Hoover Birthday Fund, presented him with a bound volume of his birthday letters and gifts totaling \$155,182 which will go to support the Hoover library and institute.

Among the birthday messages was one from President Truman, who said he hoped many more birthdays and "fruitful years lie ahead."

"This should be among your happiest birthdays... the year immediately behind you has been marked by the completion of a noble report which will always bear your name," Mr. Truman's message said.

As Hoover stepped onto the speakers' stand, the overflow crowd rose and sang "Happy Birthday."

The aging elder statesman's voice rang strongly as he listed "some items for thought" for a nationwide radio audience and the throng gathered in the shadows of the famed Hoover library on the Stanford campus.

He urged the nation to consider that today one out of every 22 Americans draws his pay from the government. Twenty years ago, he said, it was one out of every 40 persons. And 147 years ago, when the government was in its swaddling clothes it hired only one person out of 120.

He said the average citizen works 61 days a year to support the government and pay its bills, and that proposed additional spending would add another 20 days' work.

"You might want to work for your family instead of paying for a gigantic bureaucracy," he said. "Think it over."

Seven times during his address he summed up his points with those words—"Think it over."

He said it was necessary for the average citizen to work 24 days a year to pay the cost of national defense and the cold war. This, he said, makes it necessary "to reduce spending (Continued on Page Two)

EX-PRESIDENT WARNS

and waste and defer some desirable things for a while."

"Along this road of spending," he warned, "the government either takes over—which is Socialism—or dictates institutional and economic life—which is Fascism." Mr. Hoover said, "The American mind is troubled by the growth of collectivism throughout the world."

"We have a few hundred thousand Communists and their fellow-travelers in this country. They cannot destroy the republic. They are a nuisance and require attention. We also have the doctrinaire Socialists who peacefully dream of their Utopia."

"But there is a considerable group of fuzzy-minded people who are engineering a compromise with all these European infections. They fail to realize that our American system has grown away from the systems of Europe for 250 years. They have the foolish notion that a collectivist economy can at the same time preserve personal liberty and constitutional government."

FISHIN' FUN

Polio isn't the only disease that is reaching the epidemic stage these days. There is another one that is currently effecting the Local Hopheads, and it is known as Anglers Whopperitis. The only way that this disease can be communicated is by contact with another fisherman. Symptoms are: Widely waving arms, red face, (especially when the teller is confronted with someone who was there.) Long windedness, A pocket full of resort picture post cards, and a tub, or wooden box full of cold storage fish without hookmarks. Best known cure is polite attention, followed by a cold stare, then a good loud Bronx Cheer. If this doesn't cure him, try dunking the poor fellow in the creek.

Beast Eludes

Hunting Party

GOOSEVILLE, Ill., Aug. 10 — (UP)—An Illinois conservation supervisor who led 100 men in a hunt for the "monster of Gooseville" said today he was convinced that the beast really exists.

The men armed with shotguns ranged through the Indiana creek bottoms last night and found tracks "at least eight inches long" similar to the pawprints of a bear.

But the hunters caught no sight of the monster itself. Their sweep through the valley netted them exactly two dead raccoons, one dead possum and innumerable live chiggers.

The hunt was led by Henry Gerdes, a state conservationist commission supervisor and mayor of nearby Bethalto.

"The bear or whatever it is outsmarted us," he said. "But we found enough evidence to convince me that he actually exists. We're not giving up. We'll be back with more men and hound dogs the next time he's sighted."

Two men who searched the east side of the valley, John Kirsch and R. B. Seegar of Brighton, followed the "bear" tracks for some distance but lost the trail because of heavy rain and thick underbrush.

One farmer has claimed that the beast killed his young bull. Another said it slaughtered several head of his sheep. Still

LATE NEWS

The three Western Powers to limit such shipments to security needs.

The United States, Britain and France among others specified that arms and munitions to the middle-east would be kept within reasonable bounds to avert an arms race between Israel and Arab lands. Russia remained silent on that point.

WASHINGTON, Aug. 11.—(INS)—Evidence that James V. Hunt received "confidential" government information was barred today and Senate "five percent" probes branded the incident "an open invitation to bribery and connivance."

A 1947 exchange of letters between Hunt, alleged influence peddler and "kingmaker" and Clarence Gohler, former War Assets Administration official, was read to the investigating committee by its counsel, Francis Flanagan.

Reds Invade Sacred Tibet

LONDON, Aug. 11.—(UP)—The Dalai Lama of Tibet has declared a religious war against Communism after discovering Communist agents spreading propaganda in the sacred Lama-series, reports reaching London said today.

GARDEN DISPLAY IS WONDERFUL

The garden and vegetable show at the fair has attracted much attention from all visitors and when the judge started work he said he did not know the State Fair was going on this early.

This picture shows in a small way, a portion of the display which has been arranged artistically by Earl Buntin of Muncie, township chairman and his helpers. It will pay anyone to visit the tent in which this display is being made.

Communists, the Dalai Lama and his advisers have sent 3,000 student monks on missions throughout vast central China to rally a spiritual front against the "noise" of Chinese Communist leader Mao Tse Tung.

The religious war against Communism started when the Dalai Lama became uneasy at the success of the strong Communist bid for Mongolia and huge-sinking province of China, an area stretching from the borders of Tibet to the Siberian frontier.

FISHIN' FUN
Polio isn't the only disease that is reaching the epidemic stage these days. There is another one that is currently effecting the Local Hopheads, and it is known as Anglers Whopperitis. The only way that this disease can be communicated is by contact with another fisherman. Symptoms are: Widely waving arms, red face, (especially when the teller is confronted with someone who was there.) Long windedness, A pocket full of resort picture post cards, and a tub, or wooden box full of cold storage fish without hookmarks. Best known cure is polite attention, followed by a cold stare, then a good loud Bronx Cheer. If this doesn't cure him, try dunking the poor fellow in the creek.

RESEARCH LABORATORY
The American Tobacco Company

Here's another big reason why THERE IS NO FINER CIGARETTE IN THE WORLD TODAY THAN LUCKY STRIKE

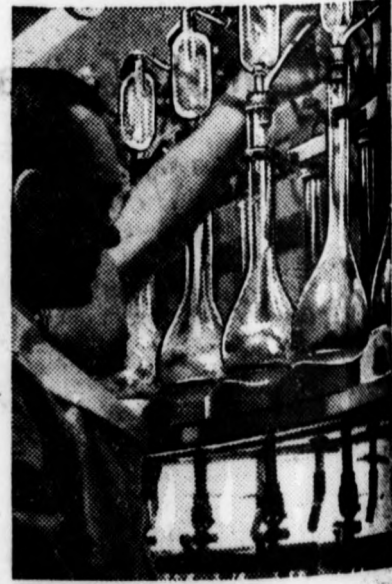

- America's finest cigarette laboratory assures you that—
1. Lucky Strike always means fine tobacco!
 2. Lucky Strike is always a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye.

As you read this, a constant stream of tobacco... samples from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette in the world today than Lucky Strike!

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine.

Everything's under control! Lucky Strike scientists supervise intricate tests daily to guarantee that the weight, size, density and firmness of your Lucky Strike are always right. Such details are rigidly controlled to guarantee you a truly finer cigarette.

Luckies stay fresh. After Lucky Strike cigarettes have been made and then packaged, they must be tightly sealed to remain fresh. Here you see the cellophane seal being tested for air-tightness. Such instruments are in use at every plant.

We know:
LUCKIES PAY MORE
for fine tobacco
(millions of dollars more than official parity prices)
We are convinced:
LUCKIES PAY MORE
for cigarette research

So, for your own real deep-down smoking enjoyment
Smoke a Lucky!
Luckies' fine tobacco and constant research give you a finer cigarette. PROVE THIS TO YOURSELF BUY A CARTON TODAY!

IN MEMORY

In loving memory of our Mother, Martha Crawley, who passed away 6 years ago today, on Aug. 11, 1943 and our Father, Milt Crawley, who passed away 26 years ago on June 9, 1923. Memories are treasures.

That no one can steal
Death is a heartache
That nothing can heal.
Some may forget you both
Since you are gone
But we will always remember
No matter how long.
The years may wipe out many

things,
But this they wipe out never
The memory of those happy
days.
When we were all together.
Sadly missed by the daughters,
Mollie, Hattie, Laura and Claude
and family.

Wades-Virginians

From where I sit... by Joe Marsh

Specs And I See
Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing every thing the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime... but Specs Allen and I don't let little differences get in the way of something big like friendship.

Customers' Corner

Have you ever noticed the date stamped on each carton of A&P eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. That is why we put the date when the eggs are graded on each carton. Eggs not sold within a few days of that date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write:

ONLY "SALES TALK"

WASHINGTON, Aug. 11.—(UP)—Rep. James E. Van

Zandt, R., Pa., today labelled the Air Force's B-36 defense to date a "sales talk" which needs plenty of scrutiny by House investigators.

VAUGHAN AGAIN

WASHINGTON, Aug. 11.—(UP)—The name of Maj. Gen.

Harry H. Vaughan, President Truman's military aide, has been linked to the incident that led the army to suspend the chief of its chemical corps.

TANK DRIVERS STRIKE

CHICAGO, Aug. 11.—(UP)—Motorists in Chicago and sur-

rounding communities faced a gasoline draught today as more than 2,000 AFL tank truck drivers went on strike and shut off deliveries to filling stations.

MACARTHUR MAY RETURN

WASHINGTON, Aug. 11.—(UP)—A new move to bring

Gen. Douglas MacArthur home for questioning on the China issue came up for decision today in the Senate. Its sponsors predicted that this time they would put it over.
